

Privacy Policies MDKHSecurity

Date published: 12/12-2024

Introduction

Welcome to MDKHSecurity and your new awareness platform. Your privacy is important to us.

Transparency is even more.

This is an outline of what data we store, and how we use and collect it.

This document will be reviewed and updated periodically. Please regularly visit the document.

What do we collect?

We have tried to collect the least amount of data possible. This application does not serve the purpose of selling or distributing data. Our solely mission is to create a platform that educates in the use of IT equipment and the basic pillars of IT-security.

Therefore, the only things we collect that could relate to you is:

E-mail address

IP-addresses

Results of courses and quizzes

How do we use this information?

Your e-mail address is used to authenticate and authorize you in our systems. We only use your assigned school or working e-mail.

Your default username is related to your e-mail address. We use parts of your e-mail to create a default username. If any information is presented in your e-mail address, we will be storing it.

In order to keep our servers and your data safe we log login attempts and their respective IP-addresses. This information will regular be reviewed and deleted after use.

Your organization wants to be able to track the results you score on quizzes and courses. Therefore the results of your answers on the platform will be used for statistics purposes.

Your rights

If your organization decides to end the partnership they have 30 days to extract statistics and other relevant information. After 30 days MDKHSecurity will delete the organization from our data store.

If you leave your organization, it's their responsibility to inform us.
